

Wireless Talking Keypad

We're Talking Technology

Talk about convenience! ADEMCO's Wireless Talking Keypad actually speaks to you—providing security system status in plain, spoken English. The other benefits speak for themselves as well.

- Adds on seamlessly to your security system without running wires or drilling holes
- A convenient Family Message Center lets everyone record and playback voice memos for one another
- Portable, either desk or wall-mountable at any desired location
- A bright, easy-to-read fixed-English display
- One-touch function keys to contact the police, fire department and other emergency response personnel
- A contoured removable door that lets you choose the look you want, with the four function keys remaining accessible
- A sleek, attractive white console that blends with any décor and can be placed on a wall or tabletop

These convenient, sophisticated features make security system operation easier than ever—and make ADEMCO's wireless Keypad a product worth talking about!
